Online Exhibitor Planner - Pittcon Amptek Inc. 1218: Amptek's newly acquired in-house manufacturing brings you the highest performing detectors available. This new family of detectors have lower noise, lower leakage current, better charge collection, and uniformity from detector to detector. Non-Probability Sampling - AAPOR 1 Webographics are attitudinal variables thought to account for the differences between people who do surveys online and those who do not. They generally measure lifestyles issues such as the types of activities people engage and their frequency, media use, attitudes toward privacy, and openness to innovation. Repertory grid technique - EduTech Wiki 1 Introduction. The repertory grid technique (RGT or RepGrid) is a method for eliciting personal constructs, i.e. what people think about a given topic. It is based on George Kelly's Personal Construct Theory in 1955 and was also initially developed within this context. Personal Construct Psychology (PCP) states that people's view of objects they interact with is made up of a collection of ...
